

Malton and Norton's

When you see the Fairtrade mark it means:-

- The Fairtrade producer group received a price that aims to cover the average cost of production
- Plus the Fairtrade Foundation Premium, an extra sum of money to invest in their business, or in community projects of their choice.
- Workers have the right to decent wages, to join unions and work in safe conditions
- Farmers and workers, including women, have the opportunity to have their voice heard
